Camping:

- Folk Feast Visitors. The Kinross Estate Company has once again kindly made the Market Park available for tents, caravans and motor homes.
- However, places are strictly limited and booking **MUST** be made in advance via the Folk Club website Folk Feast page. The Market Park is directly opposite the Green Hotel.
- Note that apart from a nearby standpipe water supply and Portaloos, there will be no washing or showering facilities in the Park; this is due to the fact that the Windlestrae Hotel, which has provided such facilities in the past, is now closed. However, there will be electricity available to a limited number of attendees but, once again, this must be pre-booked through the Club's website.
